SEE SAN DIEGO AND LIVE.
EVERYTHING MULTIPLIED
UNCLE SAM'S SAFETY.

—By Arthur Brisbane
(Copyright 1930 By King Features
Syndicate, Inc.)

WILL ROGERS' favorite expression, "You have not seen anything yet," applies to all that have never been in San Diego, Cal. If Adam and Eve had known about this place, they would have packed up Cain and Abel and moved out of the garden, not waiting for any angel to drive them.

EVERYTHING THAT YOU have ever thought about or wanted is there, and many things that you never imagined. Think of the best things ever said about climate and sunshine, multiply all that by 10, and you have San Diego.

Every man, woman and child here says, "Why anybody able to come here should live anywhere else is a mystery." They are right. It is a mystery.

By way of prediction, which please write down on your cuff, this writer wishes to say that fully developed air travel, with 24-hour round trip, from ocean to ocean, will build up permanent and transient population in this city and territory surrounding it, as no place on earth has ever been built before.

THERE IS A PARK of 1,400 acres in the heart of San Diego, and, more important, the schools, as fine as any on earth, are constantly increased in number and size. Bell boys and elevator boys at the El Comodoro hotel are dressed like champagne bottle fighters, straight brims to their hats, clothes orange and black, but better dressed than bull fighters, and fully as proud.

POINT LOMA reaching out into the Pacific from San Diego, its high points earned by Uncle Sam, makes everything on the Mediterranean look like small real estate on a nice little lake, and a trip there makes you realize that while we talk sweet nonsense at peace conferences in London, we have men in our army and navy interested in this country's safety.

Far below you in the harbor's smooth water, a line of strange little boats is coming in, a gascoque sticking up over each. They are submarines on the way home from Hawaii.

A roar overhead makes you forget the submarines.

Eighteen swift planes, in perfect formation, three in a row, six rows deep, whirl past, close to the ground. Then, rising higher, the 18 bank, at the same time, their tops glistening in the bright sun. Every few minutes the formation changes. One slightly ahead, two in the rear, side by side, the planes look like flying shamrocks, so close together at high speed you wonder that collision can be avoided.

The head pilot, with a two-way radio, talks to the earth and to each of the five men in charge of their planes behind him.

MAJ. GEN. FECHET, chief of the United States army air service, with 60 skilled pilots, trains them admirably in San Diego. Seeing those 18 machines, safe from ground attack, able to sweep down from invisible heights to attack surface ships, you realize why European nations are willing to stop battleship building. Why build fifty-million-dollar targets for air bombs?

FROM POINT LOMA, those airplanes above and the submarines plying along on the surface, you see the future safety of the United States.

Uncle Sam should build enough planes and submarines, always building more, bigger and better, until he dominates the world. Then he should say:

"Now I am ready to talk peace with anybody, and war too, if necessary. Bother me, and I'll destroy your fleets with my submarines and your cities with my airplanes. If you don't believe me, come and count them."

"If you are for peace, I'll help you maintain it, and I'll force it in my neighborhood."

Tax Lien Cases Not To Appear On Docket

LISBON, March 20.—When the bar docket for the April term of court is issued by Clerk of Courts John A. Noble, it will not include the hundreds of tax lien cases that have been filed in common pleas during the last few months.

Judge W. F. Jones has made an order that these particular cases be eliminated from the published list and all other pending issues.

The new docket will be issued probably during the week of April 7 and approximately between 700 and 800 cases will be listed.

STRANGE PARALYSIS AFFLICTS OHIOANS

BOARD BILL FOR PRISONERS MAY COME TO SALEM

County Officials Declare City Officers Must Be Paid For

LARGE SUMS ARE ALREADY OWING

Prisoners Can Not Be In Jail Without Pay On City Violations

LISBON, March 20.—It has been disclosed that certain municipalities in Columbiana county that have been committing prisoners to the county jail after conviction under local ordinances may soon be called upon to pay a large board bill to the city.

A study of the state law fails to show authority for any municipality to commit prisoners to the county jail when there have been convictions under the local ordinances, and not under state laws, according to a county official.

Wellsville, East Liverpool, Salem and East Palestine have for many years been sending prisoners to the county jail in default of fines after the accused have either been convicted of violation of local ordinances or entering pleas of guilty to such charges brought under the local ordinances.

Debts Grow Large
Wellsville is said to be indebted to the county over \$3,000 for boarding prisoners convicted under local ordinances and East Liverpool is said to owe the county over \$2,000 on the same account, with smaller amounts owing the county by East Palestine and Salem.

Authorities have pointed out that municipalities should have a contract with the county commissioners for boarding prisoners, just as the county has a contract with a workhouse.

Under such a contract, it would then be the duty of the sheriff to keep an accurate account of the boarding of prisoners sent to the county jail under local ordinances.

Where there has been a conviction or plea of guilty under a state law, the municipality is not to be charged for the board of such a prisoner. It has been a rule for years that municipalities have been sending local prisoners to the county jail to "lay out" a fine and that the county has boarded such prisoners without pay, and that the sheriff has transported such prisoners to Lisbon, also without compensation being received by the county for transportation.

CAST SELECTED FOR THUMB PLAY

Irene White Will Appear As Bride, Don Freed As Tom Thumb

Children of the first, second and third grades of the East Fourth St. school are preparing to present "Tom Thumb's Wedding" at the High School auditorium next Tuesday.

Irene White and Don Freed will appear in the leading roles, Irene as Jennie June, the bride, and Don as Tom Thumb, the groom.

Vivian Snipes will be maid of honor and Carl Smith best man and the wedding will be performed by Franklin Sturgeon in the role of minister.

Those selected for bridesmaids are: Vivian Ward, Jane Davidson, Marjorie Harroff, Donna Jean Long, Virginia Morris, and Virginia Swan.

The ushers are Everett Rich, Donald Rich, Kenneth John, Theodore Ursu, Dick Yarwood and Charles Deffenbaugh; flower girls, June Chappell and Jacqueline Johns.

Norman Parker will be father of the bride and Floria Jane Ellsworth mother of the bride.

ENOUGH SAID

Gets New Trial

MICHIGAN'S "life for a pint" woman, Mrs. Etta Miller, Lansing grandmother, smiles at the prospect of a new trial which has been granted by the supreme court. She was sentenced to life imprisonment for selling liquor, but the sentence was later commuted to 15 years.

BANDITS FOILED IN ATTEMPT TO ROB PATRONS

One Killed, One Captured During Holdup; Two Are Wounded

(By The Associated Press)
NEW YORK, Mar. 20.—An attempt by three masked men to hold up a Greenwich village restaurant shortly before midnight resulted in the killing of one of the robbers, the capture of another after patrons had beaten him severely and the wounding of a man and a woman.

A man identified as Alfred Marino was killed by a policeman who surprised the robbers in the act of searching 20 patrons in Charlie's Triangle restaurant.

While the robbers were collecting cash and jewelry from their victims, a waiter slipped out and called Patrolman James P. Rogers, who ran to the entrance of the restaurant, which is in a basement. Finding the door locked he fired shots through the glass panel and stepped aside.

Robber's Gun Jams

As one of the holdup men fired through the door he leveled a pistol at Rogers but the gun jammed. Rogers then shot him through the head, killing him instantly. Another of the holdups escaped although Rogers fired several shots after him. The third was seized by patrons.

Frank Boggiano, a patron, was struck in the abdomen by a bullet fired by one of the gunmen as they fled. Another bullet glanced from a table and struck Mrs. Clara Schumacher in the breast.

The robber who was captured was identified as Thomas Richione. Police found him bound on the floor of the restaurant severely beaten about the head and face with sugar bowls and other crockery, wielded by his erstwhile victims. Police said they found a pistol on him and \$245 taken from the cash register. Scattered about the place was \$200 more and jewelry belonging to the patrons.

Louis Passanti and Charles Quisno, proprietors of the place, were arrested for possession of liquor.

Escaped Convict Taken By Deputy

LISBON, March 20.—William Nuzum, who escaped from the Sandusky prison camp about a month ago, was captured in a woods near Elletts Wednesday by Deputy Sheriff James Elliott. He was sentenced to Mansfield from this county on a robbery charge and will be returned to Mansfield.

His wife was with him at the time of his arrest. She was held in the county jail for a period and then released.

Boys Must Serve In Prison For Theft

ERIE, Pa., Mar. 20.—Russell Meyers, 18, Cincinnati today was under a two-year sentence in the Chillicothe, O., reformatory for stealing an automobile at Warren, O., and driving it to New Castle, Pa. Three others arrested with Meyers were placed on probation on testimony that they joined him after the theft. They are Ben Lewis, 19, Orrville, Dubb, 18, and Clarence Cole, 17.

Held In Death

GALLIPOLIS, O., March 20.—Russell Curwood, 36, Mason county, West Va., was arrested and turned over to the Mason county sheriff, who is investigating the slaying of Sam Doolittle, stabbed to death in his room Sunday night. Curwood and Doolittle were said to have been friends.

Laborers Refuse to Work As Wholesome Food Is Said Lacking

(By The Associated Press)
BERLIN, Mar. 20.—The newspaper Tempo today published rumors from Riga, Latvia, that Joseph Stalin, secretary of the central committee of the Communist party, had been deposed.

WARSAW, Mar. 20.—Numerous armed uprisings among the peasants and grave labor discontent are causing the Soviet government serious concern, it was revealed by travelers from Russia arriving in Poland today.

Clashes of a sanguinary nature have occurred, they reported, resulting in hundreds killed both among Soviet troops and rebel forces.

At least six insurrectionary movements have taken place in the last few weeks, the voyagers declared. In each of them, Soviet troops were forced to go into action to quell the uprisings.

One of the most serious conflicts is said to have taken place at Stalinsk, formerly Dushambe, the capital of Tadzhikistan, which was renamed after Josef Stalin, present head of the Soviet government.

University Band in Town for Concert

The concert band of Ohio State university arrived in Salem this morning to find the downtown area flag-dedicated in their honor.

The band will present a varied concert at the high school auditorium tonight. Classical, popular and march numbers are included. A matinee concert for school children was given this afternoon.

The committee of Kiwanis club, which is sponsoring the affair in interests of the Salem high school band, announced that W. H. Mullins gave financial aid to the project and was serenaded by the high school band at his home Wednesday afternoon.

APARTMENT OF LEADER BOMBED

Garment Worker Head has Explosive Placed In Home; Bruised

CLEVELAND, March 20.—The apartment of Mrs. Carrie Gallagher, president of local 29, of the Ladies' Garment Workers' union, was bombed early today.

Mrs. Gallagher, who said she had been threatened a number of times because of her activity during a recent strike of garment workers, was bruised as the door of her bedroom was blown from its hinges. Another door was blown loose and many windows in the building shattered.

Her son, Jess, 21, and two of his friends who have been spending the night in the Gallagher apartment since she received several threatening telephone messages, were not hurt.

Legion To Aid Veterans In Obtaining Government Help

Those Who Sustained Any Disabilities In War Must File Soon

Approximately 200 veterans of the late war residing in Columbiana county and who suffered disabilities while in the service, have failed to file claims for government relief. It has been announced by Lynn R. Ridde, Columbiana county service officer at Lisbon.

These men, if still disabled, and can furnish evidence to substantiate their claims, are entitled to financial and medical relief from the United States Veterans' bureau, it is announced. However, all claims and necessary evidence must be filed on or before April 6, according to recent legislation.

In order that no disabled veteran whose disabilities are the direct result of his military service shall be deprived of the benefits which he is justly entitled to receive from the government, the American Legion of Ohio, through its various posts, is ready and prepared to assist in the claims.

INDIANS BARRED FROM TRIAL OF LILA JIMERSON

Girl Alleged to Have Had Part In Brutal Death Now Faces Court

BUFFALO, March 20.—Indians from the Cattaraugus reservation coming to the city are mystified because they are barred from the white man's court where a member of their tribe Lila Jimerson, is being tried for the murder of Mrs. Clotilde Marchand, wife of a Buffalo artist.

More than curiosity it appears, brings the Indians to the city. Many say they knew Lila since she was a child. They say they cannot reconcile the Lila they know to the one pictured by the state as having inspired a superstitious old squaw, Nancy Bowen, to the brutal homicide of Mrs. Marchand, which they believe their presence will give her courage.

Of the dozens of Indians to come here only Anson Jimerson, father of Lila, and her aunt Anne Snow, have been assured that they would be allowed in the courtroom. They were given permission by a deputy to sit with Lila in the courtroom and watch the proceeding of selecting a jury. Only two jurors had been accepted when court adjourned yesterday and indications are that the jury box will not be filled before Friday.

Henri Marchand, husband of the slain woman, did not appear in court at the opening of the trial on Wednesday, and is not expected in court today. He is held in the county jail in default of \$25,000 bail.

KNOXVILLE FIRE COSTS MAN LIFE

High Tension Wires Electrocuting Fleeing Dweller; Others Injured In Blaze

KNOXVILLE, TENN., Mar. 20.—A man, fleeing from his apartment, was electrocuted by severed power lines, five persons were injured and three buildings were destroyed here early today by fire which swept a portion of the downtown business district.

Carl Melcher was electrocuted as he left his structure in the Arcade building, the structure in which the fire originated after a series of explosions. The flames demolished the two-story building and consumed two adjoining structures.

Damage was estimated at \$200,000.

GENERAL STRIKE CALLED IN CUBA; ORDER PREVAILS

200,000 Workers Vacate Positions For 24-Hour Period

COMMUNISTS ARE HELD RESPONSIBLE

Newspaper Trades Join In Walk-Out; One Paper Is Published

(By The Associated Press)
HAVANA, Mar. 20.—A 24-hour general strike in protest against unemployment was inaugurated in Cuba at midnight.

The island was peaceful and no arrests were made. Police charged the strike was in compliance with orders from the Third International at Moscow.

It was estimated 200,000 workmen walked out. The cigar makers' union was the first to call a halt to all labor until Friday morning. Street car and omnibus operators left their vehicles at one a. m. Waiters and employees of all restaurants quit at midnight.

Public utility plants and railroads alone were not affected, the view being taken that these were necessary to public welfare.

Havana had but one newspaper today, El Mundo, Spanish language daily. The Typographical union members, walked out of Diario De La Marina at 9 p. m. Wednesday. Four other papers were affected similarly.

The workmen at El Mundo remained at their machines in the face of warnings that they would all be subject to penalties from their labor unions. Every trade and industrial union joined in the strike except those connected with the utilities and railroads.

Labor leaders insisted that the strike would be orderly and that every effort would be made to conduct it in a peaceful manner.

OFFICER KILLED MAKING ARREST

Suspected Bootlegger Is Held Responsible In Death of Man

MIDDLETOWN, O., Mar. 20.—One of two suspected bootleggers, whose automobile was halted by officers early today shot and killed Patrolman Daniel Sandlin, 28.

Sandlin, according to Patrolman Roy Croust, 23, suspected two men of bootlegging when they entered a house where liquor was believed to be sold and called Croust to help watch the place.

The two men were permitted to get in their machine when they came out of the house and Sandlin and Croust followed in pursuit. A few blocks down the street the suspects' car was forced to the curb and Sandlin leaped out to question them.

As he did so, one of the men opened fire and Sandlin fell with three bullet wounds in his abdomen. Croust said. The slayer and his companion fled at once, abandoning their car, and Croust picked up the fallen officer and hurried him to a hospital. Sandlin died about two hours later.

Croust reported that he recognized both of the men and could identify the slayer.

Police began a thorough search of the city in the belief that the killer and his friend, having abandoned their car after the fled, did not have an opportunity to leave town.

Jurors To Be Drawn To Serve In County

LISBON, March 20.—The April term of court will open April 14, it was announced today by Judge W. F. Jones, who has instructed Clerk of Courts John A. Noble to draw 16 names from the jury wheel to serve as grand jurors and 25 names to serve as petit jurors. The grand jurors will report for duty April 14 at 9 o'clock and the petit jurors will report at 9 o'clock the morning of April 21.

On account of a special grand jury having been relieved of about 20 cases, approximately 26 cases will be up for investigation at the next session.

DRYS WILL END TESTIMONY FOR HOUSE HEARING

Daniels Asks That Laws Be Tried for Full Century's Time

(By The Associated Press)
WASHINGTON, Mar. 20.—The organized dry forces of the nation today approached the conclusion of their staunch defense of prohibition in the house judiciary committee's hearings on proposals for the repeal of the eighteenth amendment.

The appearance of one witness, Daniel C. Roper, former internal revenue commissioner, and the reading of two prepared statements comprised the program for the day as drawn up by the prohibitionists. Of the seven days allotted them for the presentation of their case a half day remained after the conclusion of today's session.

Mrs. Lenna Lowe Yost, legislative chairman of the National Association of Organizations Supporting the Eighteenth Amendment was chosen to read a statement from Irving Fisher, economist, of Yale university while Deane Fickert, of the board of Temperance, Prohibition and Public Morals was prepared to submit a statement from Dr. Clarence True Wilson, general secretary of the board.

Joseph Daniels, secretary of the navy under President Wilson, appeared late yesterday and urged that prohibition be given a trial period of at least a century. He asserted that if enforcement cost the government \$300,000,000 a year it would still save the country \$300,000,000,000 annually in the cost of liquor.

SENTIMENT VOTE GROWING WETTER

Digest Poll Nearing To Million; Repeal Is Leading Factor

NEW YORK, Mar. 20.—The Literary Digest, which is conducting a nation-wide poll on prohibition sentiment today made the following announcement:

"The vote for repeal of the prohibition amendment continues to lead over that for modification and also for enforcement in the second week's returns of the literary digest's 20,000,000 ballot nation-wide poll."

"Of the total of 703,935 votes received and tabulated in the current tally, 287,885, or slightly over 40 percent, favor revoking the eighteenth amendment and the Volstead law."

"224,141 favor a modification of existing conditions by legalizing the sale of light wines and beers. The balance, 191,909 votes, are for 'strict enforcement.'"

"These second returns are from 20 states and the district of Columbia."

"Kansas, the home of the late Carrie Nation, is the only state at this time which shows the vote for enforcement leading over that for both modification and repeal."

The recital is open to the public and no admission is charged. Grus has met with great success in his previous recitals. He is acclaimed as one of the best pianists of the day.

SIXTY-FIVE ARE ILL; ONE DEATH AT CINCINNATI

Not Diagnosed As Poison From Ginger As In Other Cases

NO CHILDREN ARE AMONG VICTIMS

Those Suffering Are All Between Ages of 35 and 50, Report

(By The Associated Press)
CINCINNATI, Mar. 20.—A strange form of paralysis which has stricken 65 persons in this vicinity and taken one life, puzzled physicians today.

Dr. A. C. Bachmeyer, superintendent of the Cincinnati general hospital, said physicians have been unable to diagnose the illness, but believe it different from that which has affected "Jamaica ginger" drinkers in Ohio, Kentucky, Tennessee, Oklahoma and other sections.

The victims become paralyzed below the knees and elbows. So far only persons between the ages of 35 and 50, most of them men, have been affected. No children have been stricken.

Dr. Bachmeyer, admitting physicians were "up in the air," said the cases apparently are peripheral neuritis or an inflammation of the nerve endings. He said the patients were being treated as in encephalitic cases.

Most of the victims said they felt an illness in the stomach at night and awoke in the morning to find their toes and fingers paralyzed. They could stand, but not walk, and could lift nothing with their fingers. Physicians said nearly all those ill denied drinking ginger, leading to the belief that the malady is not that which has stricken admitted ginger drinkers.

MT. VERNON, O., Mar. 20.—Julius Starnansky, city health commissioner today reported that between 30 and 40 cases of paralysis resulting from drinking of Jamaica ginger had been recorded in his office. He said that several of the victims are in serious condition.

ARGUMENT CAUSE OF TRIAL DELAY

Irresistible Mania Will Be Plea of Irene To Charges

NEW CASTLE, PA., March 20.—After a legal argument had delayed for two and a half hours today, the murder trial of Irene Shradet, state's attorneys finally agreed to permit the defense to plead "irresistible mania to rob, steal and flee," but with the stipulation that a side bar conference be held before each witness is put on the stand.

With the point thus settled without a formal decision by Judge R. L. Hilderbrand, Irene herself was recalled by the defense.

Proceeding struck another snag almost at once when the question: "Do you remember the day of your mother's funeral?" brought a state objection which was sustained.

Another argument arose over the question: "Did you have a fall when you were 10 years old?" The question was rephrased, and its import placed in the record. Under questioning Irene explained that she had suffered from headaches ever since the fall, and that her sight had been impaired by the injury.

THE GOLDEN RULE

The first annual report of the
Golden Rule Foundation, an orga-
nization incorporated by special act
of the legislature of the state of
New York for international charity,
has been issued. The first meeting
of the incorporators and trustee
was held in New York City April
17, 1929.

The major task of this charitable
enterprise during its first year of
existence has been to lay the founda-
tions and build the framework
which will enable it to operate ef-
ficiently on an international pro-
gram. State committees have been
formed in twenty-five states and the
District of Columbia. Many local
committees have cooperated, espe-
cially in observance of Golden Rule
Sunday, which was observed Decem-
ber 8, and Golden Rule Week,
December 8-14, 1929. Most of the fi-
nancial returns described in the an-
nual report came during the period
of special observance.

Unusual scope for service is pre-
sented in the international program
of the Golden Rule Foundation. On
this account, every donor is free to
designate his gift for any benefi-
ciary or type of work in which he
may be interested, and the full
amount is applied as designated.
Undesignated gifts are allocated by
the executive committee on the
basis of greatest strategic need and
efficiency. Thus it is that the work
of the foundation during its first
year has been concentrated upon
constructive child welfare work and
the major portion of the income
from undesignated gifts has been
expended on relief for child suf-
ferers in the famine areas of China.
Other causes aided by golden rule
foundation funds are: Under-nour-
ished children in Porto Rico, under-
nourished and dependent children
in Europe, children of migrant
workers, educating children of
southern mountaineers, continuation
of the near east relief program and
educating and feeding orphan babies
and dependent children in India.
Assistance has been given also in
Africa, Serbia, Russia, Czechoslo-
vakia, Persia and the Philippine
Islands. It is an unprecedented ap-
plication of the golden rule to an
international program.

The pure idealism of such a pro-
ject reflects nobly on the characters
of the men who conceived it. They
ask no reward other than the full
joy of helping the unfortunate
wherever they are found, every cent
of every dollar goes for philanthropy
and nothing is deducted for the ex-
penses of the foundation. The ex-
ample of such unselfish effort to
better those who would do the same
for you were they able to brighten
the somewhat tarnished luster of
the golden rule.

A New York wire says the pain
garden of the Leviathan will be
transformed into a night club,
which will be in operation when
she sails eastward, April 12. But
what will there be in a night club
free from the operations of gang-
sters and gunmen and without an
occasional dry raid to afford a
thrill?

"The ghosts of our life," says Dr.
Clarence A. Barbour, "are the un-
written letters, the unpaid visits and
lost opportunities. True, so far as
it goes, but it might not be amiss
to note that the unpaid bills haunt
us a bit at times."

What Others Say

NOT SO GOOD
The proposal of Jack Dempsey's
return to the ring should be
freely open. It suggests a rather
indifferent attempt to milk the sport-
loving public for the benefit of a
few promoters through the employ-
ment of a man whose real fighting
days for long have been ended.
Dempsey was great in his day. It
would be a measure unfortunate
to see him again soft and

sybaritic, cavoring on weakened legs
around the ring where once he
reigned as a true world gladiator—
an athlete good to see.

There is, with the possible excep-
tion of the Italian Carnera—and he
is an unknown quality, a forlorn
hope—no man at present in the
fighting game who even approxi-
mately measures up to the standard
of a popular pugilistic champion.
But the idea is that Dempsey
would draw a "large gate." It is
time that this sort of business
should be stopped. If the pugilistic
game is to be permitted to go on at
all, the last exhibition at Miami
brings enough of approbrium upon
the sport almost to damn it. The
rings and reign of Tunney suffi-
ciently indicates that good timber exists,
possibly plenty of it. If knock-outs
are in order, the public might be in-
duced to knock out the box office
if necessary to discourage the
second-rate, the physical antiquities
and money-grubbing promoters.—

HEALTH

By Dr. Royal S. Copeland

HIGH BLOOD PRESSURE

Of late I have received letters
from a great many persons about
high blood pressure. Even though
I have written several articles on
this subject during the past few
months, it may be wise to write an-
other.

People are dis-
turbed because the
doctors tell them
they have a pres-
sure of 215 or 220,
or whatever it
may be. But the
fact is blood pres-
sure in and of it-
self is of little
consequence. What
is of real impor-
tance is the under-
lying condition of
health.

If a person finds out he has high
blood pressure the first thing to do
is to make a survey of the general
health. Find out if there is some
trouble, even though it is not seem-
ingly important. That very trouble
may have a possible effect upon the
pressure. Indeed, almost any con-
dition of ill health may have this as
one of its symptoms. Bad teeth or
constipation may produce it.

Many cases of high blood pres-
sure are the result of improper kid-
ney action. An involvement of the
kidneys, what we commonly call
"Bright's Disease," is a factor. Ex-
amination of the urine determines a
whole lot as regards this disability.

In its turn, kidney disease may be
the result of an infection in the
system. It is not uncommon after
scarlet fever, typhoid fever, or some
other of the so-called infectious dis-
eases, to have an involvement of
the kidneys. With it we may find
high blood pressure as a symptom.

Worry, homesickness and any
other undesirable state of mind is a
factor of importance. Any unhappy
mental disturbance is likely to break
the rest. Consequently the physical
functions are not performing as
they should and high blood pres-
sure may result.

It is not unnatural for a person
disturbed over the presence of this
symptom to reduce the diet to a
dangerous degree. In spite of the
failure of certain organs to function
as they should, the reduction of the
eating may be so great as to cause
weakness and depression. Enough
food must be taken to keep the body
well nourished and to supply the
energy necessary for our activities.

It is impossible to lay down hard
and fast rules for the control of
high blood pressure. The individual
element must be considered in every
case.

Of course, the family doctor will
advise regarding a particular case.
He will find out what is wrong and
advise you accordingly.

Answers to Health Queries

E. S. Q.—What is a good defini-
tion of "muscle bound"?
A—Affected with a form of muscu-
lar trouble, characterized by less-
ening of elasticity. Frequently seen
in athletes—due to excessive exer-
cise. Some persons lack that free-
dom of muscular action that is com-
mon to most people. They cannot
"bat" a ball or swing an axe or a golf
club freely because they are "mus-
cle-bound." This term is the popu-
lar one to describe such tightness or
tenseness of muscles.

L. M. C. Q.—What should a boy
17, 5 ft. 10 inches tall weigh?
2—Can the nose be reshaped?
3—What do you advise for pim-
ples?

A—He should weigh about 140
pounds.
2—Consult a plastic surgeon.
3—Correct the diet by cutting
down on sugar, starches, coffee.
Eat simple food. Avoid constipa-
tion. For further particulars send
self-addressed stamped envelope and
repeat your question.

A. E. B. Q.—What do you advise
for catarrh?
A—A nose and throat spray is
often helpful. Send self-addressed
stamped envelope for further par-
ticulars and repeat your question.

C. B. Q.—What will reduce the
hips and abdomen?
A—It is difficult to reduce weight
in any part of the body without
reducing in general.

V. S. Q.—What causes white spots
to appear on my body?
A—This condition is due to lack
of pigment and there is no cure.
However, the spots may be made
less noticeable by staining with a
wine-colored solution of permanga-
nate of potash.

M. L. Q.—What should a girl of
14 weigh?
2—What do you advise for black-
heads and pimples?
A—Her correct weight depends
on her height as well as her age.
2—First correct the diet by cut-
ting down on sugar, starches and
coffee. Eat simple food.

S. C. A. R. Q.—What causes un-
pleasant breath?
2—How much should a girl aged
15, five feet two inches tall weigh,
also a boy aged four years, three
feet tall?
A—May be due to decayed teeth,
diseased tonsils or nasal catarrh and
constipation being the most frequent
cause.
2—They should weigh respectively
about 112 and 30 pounds.

J. M. F. Q.—What do you advise
for pimples?
A—Correct the diet by cutting
down the sugar, starches, and cof-
fee. Eat simple food. Avoid con-
stipation.

Mrs. L. M. E. Q.—Will peroxide of
hydrogen promote the growth of
hair?
A—Per superfluous hair on the
face peroxide of hydrogen may be
used as a bleach. It is contended by
some that peroxide will retard the
growth.

A Reader. Q.—Is smoking cigar-
ettes harmful for girls?
A—I do not believe it is good for
girls.

Editor the News:
No man ever gets so important
that he outgrows his own business.
The bigger the man, the more ex-
tensive his field of activity and re-
sponsibility. Those same qualities
which have brought him to the front
demand that he use them in the
management of himself and his af-
fairs. To refuse is to fail.

Those who remain on the lower
and middle rung of the ladder
of life—and that includes the ma-
jority of us—whose life entails com-
paratively less responsibility, are
generally the ones who often believe
so unimportant that they must
delve into that of someone else. Or
they feel that they have become so
efficient they can easily manage
themselves and have time left over
to dabble in other people's affairs.
Mind your own business; it needs
it.

Remember the buxom lady who
weakened your backyard fence by
habitually leaning her two hundred
pounds against it day after day in
order to whisper some choice mis-
cel of scandal or gossip. With ap-
proprate darning, an idle brush in one
hand, she delighted in passing "hot
news" over the fence. The more
scandalous the tale, the more ex-
cited and impressive the whisper.
When Mr. and Mrs. Brown celebra-
ted their twenty-fifth wedding an-
niversary, nothing but casual re-
marks about the refreshments came
over that fence. But when the
young Bakers had a natural quar-
rel, the boards smoked. John Bak-
er was running around, he was
seen with another woman, divorce
proceedings were being instigated—
and so on, until Mrs. Rubber had
stretched the truth and had the
young couple separated, divorced,
and broken-hearted. All the time
John was holding his wife in his
arms asking forgiveness for a petty
quarrel.

The film colony of Hollywood has
often been an enlarged and gilded
edition of that original news re-
porter. One false move from a film
star and an hundred wheels are
set in motion. Let him stumble,
speak an ankle, and by the time
the story reaches Ned York, he
has fallen from a second story win-
dow and broken his neck.

Recently a fine young girl, a
star of this moving picture indus-
try, had the courage to get married.
It takes courage, especially in
Hollywood. Immediately tongues
were wagging. "It won't be long,"
they said, "until she is back in the
news. How the end will come." The
husband was called away on busi-
ness soon after the marriage. Upon
his return there was no blushing
bride to meet him at the station. "I
told you so," cried the fencecasters.
"I knew it wouldn't last. I know they
are separated and a divorce is not
far away."

Meanwhile the wife was explain-
ing to her pal that she was sched-
uled on the set at 9:00, the time of
the arrival of his train, making it
impossible for her to be at the sta-
tion. Laughingly they sit down to a
pleasant and delicious supper.

No wonder she asked the public to
give them a chance to be human
beings.

Be a sport and let the other fel-
low prove himself. Of course his
actions may be wrong, his word
untrue but "let him who is without
sin among you cast the first stone."

Manage your own business thor-
oughly and you will find your time
well occupied; you will have no
time to meddle into business not
your own. Each word spoken
against another does more harm
than you think, and proves a boom-
erang that will come day return to
you. Many a fine character, many a
happy home, has been misrepres-
ented, ruined and stained, because
of gossip and lying scandal.

By what authority do you appoint
yourself guardian of your neigh-
bor; who has bestowed upon you the
authority to act as judge of man-
kind; who are you to take upon
yourself the power which belongs
alone to God?

It is perhaps human to regard
others as usual remarks as per-
missible, but there is a divid-
ing line between remark and gos-
sip that you must observe. Be care-
ful that you may murder a reputation.
Why not manage your own busi-
ness—the firm may go bankrupt,
you know.

NEW HAVEN, CONN.—No longer
will bookkeeping be taught in the
commercial high schools maintained
by the city, when the board of edu-
cation learned that only four indi-
viduals of several hundred who plugged
through a long bookkeeping course
in the schools had secured jobs as
bookkeepers the board voted to do
away with the subject.

Highlights Of Ohio History

By J. H. GALBRAITH

Though Senator John Sherman
could probably not have been nomi-
nated by the Republican conven-
tion of 1880 for the presidency un-
der any circumstances—it was a
contest in which Grant and Blaine
figured as the chief contestants—
Senator Sherman believed to the
end of the convention and after-
ward that he could have won and
expressed dissatisfaction with the
manner in which his interests had
been looked after.

Governor Charles Foster was the
person upon whom the senator's
censure chiefly fell. William Dennison
was the chairman of the Ohio
Legislation, but Foster having a
more general acquaintance among
the national leaders of the party
was looked to to draw support to
the Sherman candidacy which had
the endorsement of the Ohio delega-
tion. Senator Sherman said he was
informed that there was support
in many other states that could
have been brought to his candidacy
upon the issue of a word from Fos-
ter, but that word was not given.
The rumor was that Foster hoped
for the nomination of Blaine in
which case he expected to be made
the candidate for the vice-presi-
dency.

The feeling between the two
Ohioans was such as to require an
exchange of letters. Governor Fos-
ter denied that he had lacked en-
thusiasm in his support of the Sen-
ator Sherman, or omitted anything
in his power to advance his candi-
dacy, and the senator in his reply
admitted that he had been led to
believe that all was not done for
him that he had been led to be-
lieve that all was not done for him
that might have been done, but he
accepted the assurance of Governor
Foster that he was mistaken. The
two men worked in political har-
mony thereafter for the few years
that they were in figure in Ohio
politics. Enough is now known of
that Chicago convention to make it
plain that Grant would have been
nominated on an early ballot but
for the fact that it was found that
Don Cameron, the chairman of the
national committee, though by mar-
riage a nephew of Senator Sherman,
was in a scheme to apply the unit
rule in the organization of the con-
vention which would easily have
given the Grant men control. The
anti-Grant men by great effort
thwarted this.

Many of the political friends of
President Lincoln complained that
in his second campaign he seemed
indifferent as to the result. The
fact, probably, was that he felt that
he had done his duty in his first
term, and that the voters, under-
standing this, could be relied upon
to re-elect him. But that he was not
indifferent, and that he was not
lacking in the arts of political, an
interesting letter which he wrote at
this time to General W. T. Sherman
plainly shows.

He was anxious for the moral ef-
fect of a Republican victory in the
October elections in Indiana, upon
the country. There were other states
that had their state elections at that
time, but Indiana was one that did
not have a state provision by which
her soldiers could vote in the field,
and the president feared that with a
large percentage of the Republican
vote under arms in the South the
election might be carried for the
Democrats.

"The state election in Indiana,"
the president wrote, "occurs on the
11th of October, and the loss of it
to friends of the government would
go far to lose the whole Union
cause. The bad effect upon the
November election, and especially
the giving of the state government
to those who will oppose the war in
every possible way, is too great to
be risked if it can be avoided. The
draft proceeds notwithstanding its
tendency to lose us the state. In-
diana is the only important state
voting in October whose soldier can-
not vote in the field."

"Anything that you can do safely
to let the soldiers or any part of
them return home and vote in the
October election, will be greatly in
point. They need not remain for the
general election, but may return to
you at once. This is in no sense an
order, but is intended to impress
you with the importance to the army
itself, of your doing all you can,
yourself being the judge of what you
can safely do." It will be noted that
this was finely drawn to appeal to
the soldier and patriotic citizen that
Sherman was rather than to a par-
tisan.

created lakes which never previous-
ly contained fish.

SOVIETS ACTIVE IN PHILIPPINES

Use of Mails May End By Request of Official; Causing Trouble

MANILA, Mar. 20.—Extensive activities of Communists in the Philippines was revealed today by the request of General C. E. Nathorst, chief of the constabulary to Governor General Davis that proletarian labor congresses be denied the use of mails throughout the islands.

The boycott of American goods, spread of Communist doctrines among the urban masses of the islands and the active participation of Communists in the recent school strike here were among the activities on which the request was made.

Nathorst in a letter to the governor general said "recent activities of these leaders plainly showed they are on the alert to take advantage of any government commotion to bring about the upheaval that would permit the forcing of a Soviet form of government upon the Philippines. All of the propaganda put out by the proletarian labor congress is of a nature to incite the ignorant substrata of the population to rebellion."

Colonel Clarence Bowers, chief of the constabulary intelligence division, was quoted as saying "practically all the pamphlets and communications transmitted by the proletarian labor congresses are radical."

PARALYSIS

(Continued From Page 1.)

The victims all admitted drinking Jamaica ginger mixed with soda water were reported today by City Health Director G. D. Lianin.

WICHITA, Kan., March 20.—Wichita health authorities were puzzled today in their attempt to learn the cause of 500 cases of paralysis caused by Jamaica ginger.

Chemists failed in their analysis of samples of Jamaica ginger to find poison or minerals and pronounced the fluid pure.

At least 500 victims of the epidemic, which is the 12th to the one reported in Oklahoma City two weeks ago, were under care of physicians today.

WASHINGTON, March 20.—America's new paralysis cocktail—Jamaica ginger, isopropyl alcohol or whatever poison it is—has an effect like a stout blow in the head from a cave-man's club. A couple of "shots" is followed by staggering legs, paralysis and then a gloomy "all-in low" feeling that has nothing of the exhilarating cheer of ordinary intoxication.

So Prohibition Commissioner James M. Doran explained today in discussing preliminary reports from several sections of the country.

LOUISVILLE, Ky., March 20.—Physicians and health officials combating a wave of partial paralysis in eastern and central Kentucky were handicapped today by the mystery connected with the cause of the malady though Jamaica ginger is generally blamed. More than 200 cases have been reported today.

However, publicity is believed to be acting as a deterrent, preventing spread of the malady. If caused by consumption of adulterated ginger, known locally as "jake."

At Corbin more than 100 cases have been reported.

Where, Oh Where, Has Capone Gone

CHICAGO, Mar. 20.—Where, oh where, has Al Capone gone? Chicago police who have guarded the gang leader's usual hangouts since his release Monday from a Philadelphia penitentiary say he has not appeared.

Evanson scoffs at the idea that he landed there in a yacht. Indiana Harbor reports none of the tire tracks on Main street were made by a Capone car. The mayor of Niles Center flatly denies that Capone dropped a cigar band on that city from his chartered airplane.

It's all very mysterious.

SOVIETS

(Continued From Page 1.)

and after holding it for a brief period, it was recaptured by government troops. The Soviet troops are reported to have lost 100 dead, while several hundred of the rebels were killed.

There is a state of virtually constant guerrilla warfare between rebels and cosacks in the wild Kuhn area, according to the travelers.

Laborers are refusing to work because of the lack of wholesome food, it is said. The OGPU, or Soviet secret police, and Soviet soldiers have used force to get the laborers back to work, arresting their ring-leaders by the dozen, it is said.

The reports brought by Polish travelers are lent some color by the fact that within the past week Stalin has let down considerably on his "100 per cent Communization Plan" which entailed the creation of collective farms throughout the Soviet Union.

While the inability of the Soviet government to supply these collective workers with adequate tools, machinery and seed grain at the present time was held officially to be responsible for the letdown, it has been persistently reported that Stalin and his associates detected a serious epidemic of discontent among the workers.

Social Affairs

A charmingly appointed dinner party at the home of Mrs. Clara Barber, 19th anniversary Wednesday evening at Masonic temple with more than 200 Eastern Stars in attendance.

The tables were decorated in the star colors carried out in candles and graced by unique centerpieces made of apples and candles.

Mrs. Walter J. Terry was chairman of the executive committee, which served the meal.

Following the dinner the worthy matron, Miss Myrtle Windle, and worthy patron, John T. Burns, were each presented a cake. They were white, ornamented with pink candles and were baked by Mrs. William Turner, the first worthy matron of the chapter. Mrs. Turner and J. A. Noble made the presentation.

Miss Windle read greeting from Miss Mame McCarthy, a member who is spending the winter in California. Mrs. Forest Coy sang "The End of a Perfect Day."

Atty. and Mrs. H. L. McCarthy were in charge of a program, which was presented in the lodge room. It was featured by a humorous playlet entitled, "A Trip to Mauro." The cast included Mrs. Henrietta Steinebach, Mrs. Ralph Sturgeon, J. T. Burns, Mrs. McCarthy, Jean McCarthy and Miss Windle.

Arnold P. Lutes contributed a group of vocal solos, accompanied by Mrs. A. W. Stoner, Andy Andrach and Stewart Russell, of Columbiana, entertained with accordion and harmonica selections. The "Clash and Clatter" orchestra composed of 12 Stars furnished music and stunts.

Thirteen charter members participated in the festivities of the occasion. They are: Mr. and Mrs. William Turner, Mrs. Dora Bentley, Mrs. John Bartchy, Mr. and Mrs. S. R. Koenreich, Mrs. C. B. Hunt, Mrs. Maude Thomas, Mrs. C. M. Wilson, Mr. and Mrs. J. D. Dewese, Mr. and Mrs. John Augustine. The chapter had 40 charter members. At the present time it has a membership of over 360.

DO BE THERE CLUB

As guests of Mrs. Harry Hech's members of the Do Be There club met Wednesday afternoon at her home, Cleveland st. The women were interested in fancywork and visiting. Mrs. Hech served lunch. The next meeting will be in one month.

Mrs. Bessie Dunn has returned to her home, East State st., after spending the winter at St. Petersburg, Fla.

Today's Pattern

THE woman who makes her underwear at home will have beautifully fitting garments of material that really wears well. The set shown today consists of panties and bandeau, well shaped and with ample fullness. The hip band is particularly worthy of attention as it prevents unnecessary bulging at the waist.

Crepe de chine, rayon, silk jersey, batiste or soft cottons may be used in making dainty and serviceable undergarments. Favorite colors are white, flesh, pink, ecru and yellow. Many flowered fabrics are being used this season.

Designed only for sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 14 requires 1 7/8 yards of 29 inch material.

No dressmaking experience necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

COUPON

This pattern will be delivered upon receipt of 15c, cash or check, enclosed with this coupon. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 343 WEST 17TH STREET, NEW YORK CITY.

WINONA

The Pearl Beekers class of the Methodist Sunday school taught by Mrs. Edward Jenkins, met Monday evening at the home of Mrs. Clara Barber. Eight of the members with their teacher enjoyed a social evening of music and games following the business session, and the hostesses served refreshments.

The next regular meeting will be held at the home of the Misses Marjorie and Celeste Pultz on the second Monday in April.

The Achievement program of the Extension work being carried on here the past year was rendered at Butler Grange hall Tuesday evening. The Nutrition class under Mrs. Lydia Bailey and Mrs. Pearl Bennett gave the home talent play, "A Tribute to the Vitamins" with a cast of 16 ladies of the community demonstrating the vital elements entering into the normal formation and growth of the human body.

Mrs. Pearl Brown impersonating Father Time and little Wade Mounitz the baby resulting from their experiments. Other features on the program were a recitation of "Out to Old Aunt Mary's" by Mrs. Claude Morgan, a playlet, "When Mother returns from the Nutrition meeting" amusingly rendered by Mrs. Nova Andre, as mother, Mrs. Wilford Edgerton, the too-small husband who is to be fattened and made larger by the use of more spinach and carrots and Miss Ellen Andre and Miss Gladys Edgerton, the unwilling son and daughter. A playlet given by the leaders of the Care of Clothing Project in which Mrs. Emil Sidwell and Mrs. Ethel Mounitz gave practical demonstration to Mrs. Pearl Bailey and Mrs. Leora Stamp of how to clean and remove spots from silk garments.

An excellent address to the classes by Miss Edith Helmberg, county demonstration agent and a charming and impressive candle lighting ceremony arranged by Mrs. Helmberg in which Mrs. Mary Mayhew, as "Home Demonstration" held the lighted candle from which Mrs. Pearl Bennett and Lydia Bailey as "Home" lighted candles and passed their light to Health, Nutrition, Home Improvement, 4-H Club work, Recreation and Community, represented by Anna Hall, Mrs. Hammond, Thelma Holloway, Emily Sidwell, Mrs. Stanley, Lucy Berger, Aida Gamble, Grace Brantingham, Mrs. Stutz and Lillie Lewton.

Following which all marched around the stage carrying their candles aloft singing "Follow the Glean." The refreshment committee consisting of Mrs. Megral and Mary S. Longenecker passed popcorn balls. A large attendance was noted.

The condition of Mrs. Mabel Walton, who underwent an operation at the Salem City hospital Tuesday, is reported to be good.

The April meeting will be at the home of Mrs. Abel Mead, Benton rd.

Star club members were guests of Miss Ella Kidd Wednesday afternoon at her home, Benton rd.

Guests of the club were Mrs. Maria Brown, Mrs. Albert Kidd and Mrs. Hazel Diehl and two children.

Fancywork was a diversion while the members visited. Lunch was served.

The April meeting will be at the home of Mrs. Ed Zimmerman, at New Albany.

Wilbur Union The Wilbur Union will meet at 8 p. m. Saturday at the Wilbur Friends meeting house, East Sixth st. The program will be on Ireland. Any one interested will be welcome at the meeting.

W. B. A. TO MEET The Woman's Benefit association will celebrate its anniversary tonight at the hall, North Broadway ave. There will be a program, lunch and cards.

Mrs. Edna Kelley, of Monroe st., returned last night from Chicago, where she visited her son, E. E. Kelley, and Tiffin, where she was a guest of her son, Kenneth Kelley. She was gone three months.

Mrs. Harold Weekley returned Wednesday evening from Cross Creek, Pa., where she was called by the illness of her father, whose condition is reported slightly improved.

Miss Elizabeth Haines, of Maerstown, N. J., is a guest of Miss Edith Gamble, of Winona.

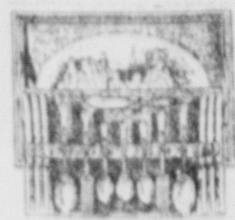

Rev. E. S. Stenberry of Buena Vista was in Salem Wednesday on business.

C. L. Smith, of Cleveland, was a visitor here Thursday.

Miss Venora Chapin, East State st., spent Thursday in Cleveland.

Mrs. A. Hansell, of Fair st., visited relatives in Pittsburgh Thursday.

Her Royal Highness Princess Maxhide Zogu, youngest of the six sisters of King Achmed Zogu, of Albania, is an ardent follower of sports. She is shown with one of her favorite mounts. Notice the modish riding kit and semi-bobbed hair which might pass the young Princess for a typical American.

Japanese Cherry Blossoms To Bloom In Capital By April 1

WASHINGTON, Mar. 26.—The Japanese cherry blossoms, which yearly lure thousands of visitors to Washington, soon will be flaunting their banners of spring time.

By April 1, more than 800 single flowering trees on West Potomac park, probably will be in full bloom. Charles Henlock, chief of the horticultural division of public buildings and grounds, said today these trees will be heavy with flowers, and bearing too much wind, should last two weeks.

With the dying of the single blossoms, Henlock expects about an equal number of double flowering trees in east Potomac park to open in full bloom.

Running the gamut of pink, with color excursions into greenish gold, they will retain their soft tints until about May 1.

There are a dozen varieties of the trees planted here, Henlock explained, none of which bear fruit.

One variety is called "happiness," and among the others are "dawn," "snow-flakes," and "yellow gown."

In November 1909, during the administration William Howard Taft, the municipality of Tokyo, Japan, presented to the city of Washington 2,000 cherry trees as a token of the high esteem which was held by the people of Tokyo for the people of the United States.

Debate Entertains Grangers At Perry

A debate on "Resolved: That the chain stores are beneficial to our nation?" featured the program at a meeting of Perry Grange Wednesday evening at the hall, Franklin rd.

The affirmative side was discussed by Ellis Satterthwaite and Bruce Cope, while S. N. Van Blaricom and Frank Bates defended the negative side. The debate was awarded the affirmative side by the judges C. S. French, Mrs. Emerson Conrad and Mrs. Leroy Frederick.

Salem grange members gave part of the program, which included these numbers: Essay, "Birds," Mrs. S. N. Blaricom; "Spraying," Forest Siler; cornet duet, Rachel Cope and Marion McArthur, accompanied by Miss Wanda Cope; vocal duet, Luther Stewart and sister, Miss Clara Stewart; saxophone duet, William Holloway and Louis Snipe.

Among the visitors were representatives of Willow Grove, Midway

Tells her friends how to get whiter washes

"REALLY, dear, it's astonishing what a difference Rinso makes. I never scrub or boil the wash any more. In these rich suds clothes soak whiter than I could scrub them."

"My clothes last much longer now. And Rinso is all I use—no other soap, no softener. Try it."

Blizzard In Canada

WINNIPEG, MAN., March 26.—Mail plane service was tied up and all means of communication were crippled today as one of the winter's severest blizzards rolled across western Canada.

Several towns have recorded 40 degree drops in temperature within 15 hours.

HARTFORD, CONN.—The first and second companies, governors foot guard, oldest military organization in New England, are to participate in Boston's observance of her 300th anniversary in June.

Asks Proposals

SPRINGFIELD, March 26.—The city clerk will receive new proposals for furnishing Springfield with a transportation system, either bus or electric lines, up to and including April 4, as an outgrowth of recent rejection by city commission of a plan submitted by the Cincinnati and Lake Erie railroad.

KANSAS CITY—Mrs. Blake L. Woodson of this city celebrated her 81st birthday anniversary here recently. Mrs. Woodson came here 52 years ago to marry Major I. Woodson, at that time a young lawyer, whom she had never seen before.

FRIDAY AND SATURDAY

Please Don't Forget Address

DON'T SUFFER

Bring your aches and pains, your rheumatism, neuritis and that tired run-down system and come to Floding & Reynard Drug Store, corner State and Ellsworth. Find out what the Rheu-Go treatment is, how it differs from other medicines. Tell your troubles to the Rheu-Go man, ask him questions, convince yourself that you can rid

your system of these horrible diseases.

Don't delay, come Friday and Saturday. We are here to help you. It costs you nothing to investigate. Rheu-Go is known by hundreds of Rheumatic sufferers in this section—find out for yourself. Please remember only two days, Friday and Saturday.

P. D. GAINES

Representative of the RHEU-GO Treatment

Says: I will be in Salem at Floding & Reynard's Drug Store Friday and Saturday only of this week. If you suffer from RHEUMATISM, NEURITIS, Lumbago, Sciatica or similar ailments, I will be pleased to talk with you and explain the new RHEU-GO TREATMENT. Hundreds of rheumatic sufferers in this vicinity already know about this new medicine. I will gladly explain every detail in full. Regardless of how you suffer or how long you have suffered from seemingly unbearable aches and pains and swollen joints, come to Floding & Reynard's Drug Store, Ellsworth and State, and investigate this new MEDICINE. ALL WE ASK IS A WEEK OF THOROUGH TRIAL of RHEU-GO THAT WILL BE LONG ENOUGH to convince the most skeptical long enough to prove the merits of this new medicine. Come Friday or Saturday and find out for yourself.

FLODING & REYNARD'S DRUG STORE SAYS: By special agreement, we were able to induce Mr. Gaines, representative of the Rheu-Go Company, to appear personally at our store and converse with the rheumatics of this vicinity. After carefully checking the Rheu-Go treatment, we heartily endorse its use to all sufferers from rheumatic ailments.

P. S.—If you are unable to come to FLODING & REYNARD DRUG STORE, Ellsworth and State on above dates, write to Rheu-Go Co., Marion Ohio, for full information.

"TO THE SUFFERERS OF BLOOD DISEASES THIS IS A GOLDEN OPPORTUNITY"

N. B.—By all means, if you suffer from acid conditions or impure blood, boils, pimples, loss of appetite, or a general rundown condition, see Mr. Gaines, as these are basic causes of rheumatism and similar diseases, inclusive of nervousness, etc.

SLAYER PRAYS TO REMEMBER

Claims He Cannot Recall
Details of Crime:
Killed Bride

COLUMBUS, March 20.—Thoughts of John Francisco, 49, who, police say, confessed to what they termed the brutal murder of his daughter, Mrs. Evelyn Edgington, 19, a bride of 18 months, turned to prayer today—prayers that he might remember the harrowing details of the crime.

Incarcerated in county jail on a first-degree murder charge, to which he entered a formal plea of not guilty at his arraignment yesterday, Francisco said that he intended to pray that his memory be cleared.

He made a plea to his son, Harold, to locate the minister who had buried his daughter, "I want him to pray with me," said the slayer. Meanwhile, police are endeavoring to discover the exact details of the crime, which the father says he can't remember. Mrs. Edgington was found slain in her one-room apartment here with her throat slashed with the piece of a broken milk bottle. Her head had been beaten with a blunt object.

Francisco confessing to the murder, Francisco gave no details. He said he had killed the girl-bride because he thought her death might affect a reconciliation between him and his estranged wife, Mrs. Alice Francisco, of Dayton.

COURT NEWS

Restraining Order Granted

A temporary restraining order has been granted by Judge W. F. Lene in common pleas court No. 1 against the sheriff's office from proceeding with a sale under execution in the case of Charles R. Votaw against Oscar E. Stanton and others. The petition shows that Stanton obtained a judgment against Votaw Feb. 3 last for \$276.36 and cost, and at the time a process for execution was issued for the sale of a filling station on lot 993 Appraiser addition, Salem. The plaintiff, by its counsel Boone & Campbell of Salem claim that the filling station is a permanent building, attached to a foundation. Bond in the case has been set at \$300.

Jury Awards Verdict

A jury in common pleas No. 1 court has returned a verdict in favor of the plaintiff for \$500 and costs in the case of Charles J. Luch against Ella Bradford and others. The plaintiff in this action sued to recover \$1,257 claimed to be owing on false misrepresentation in the sale of an automobile. The verdict having been filed by Attorney W. O. O'Grady for the plaintiff. Defendant's judgment was taken in this case recently, and then the court made an order holding the judgment in abeyance until the final disposition of the case. The defendant was represented by Attorney William Frouka.

Jury Awards Verdict

In the \$25,000 damage action filed in common pleas court April 26, 1928 by Ross Pucci against the Steubenville, East Liverpool and Beaver Valley Traction Co., a jury in common pleas No. 2, with Judge W. S. Stocum presiding, has returned a verdict for \$500 in favor of the plaintiff. The case was two days in being tried.

May File New Petition

Maude McKinney who filed a \$10,000 damage action in common pleas court June 7, last against the Metropolitan Chain stores has been granted leave by Judge W. F. Lene to file an amended petition on or before April 1. The plaintiff in her original petition set up that agents of the company had made false accusations against her.

Receiver Discharged

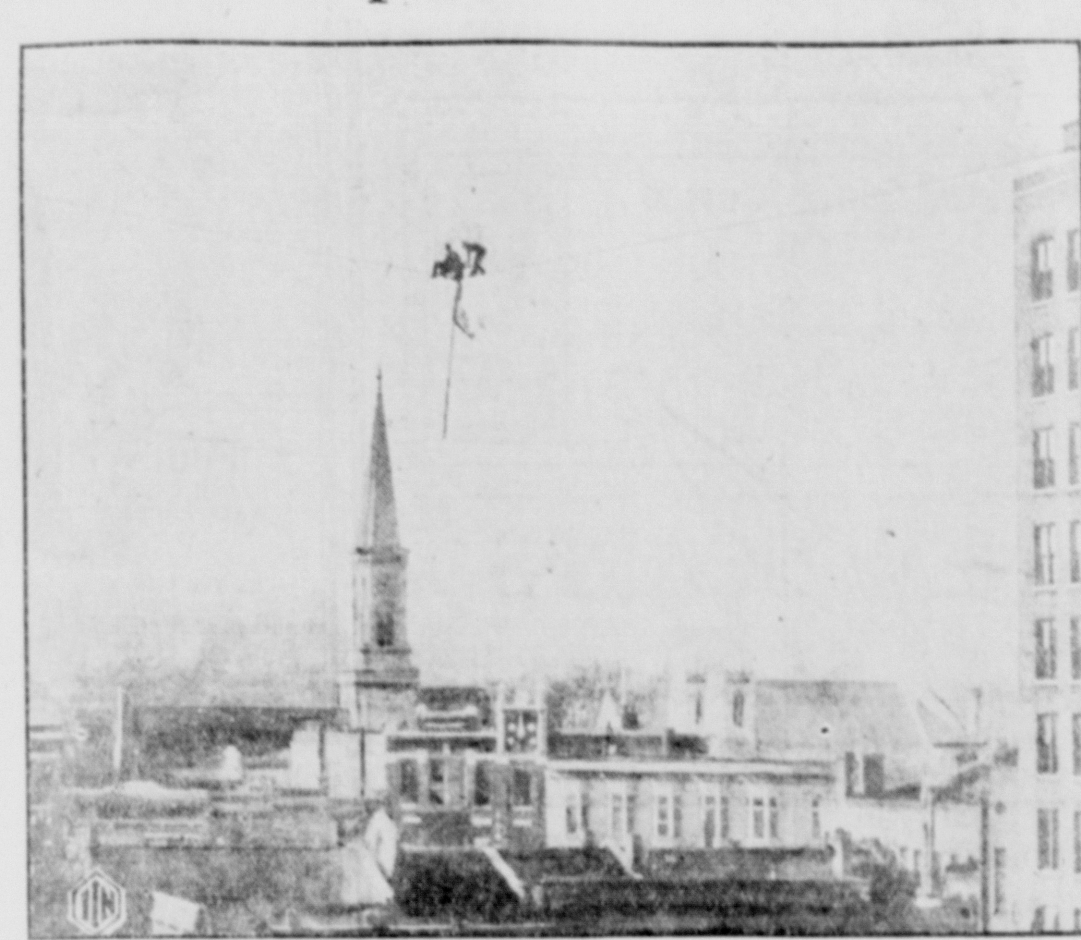

L. Tomlinson of Salem has been discharged as receiver and his bond of \$5,000 has also been discharged. The case of L. Tomlinson against Tomlinson. The court has approved the report of the receiver in this action.

Champion Sculler and His Mermaid Bride

The Prince of Wales suite at White Sulphur Springs, W. Va., named in honor of the heir to England's throne after his visit in 1927, was the scene of the wedding ceremony uniting Martha Norelius, famous swimmer and Joe Wright, Jr., of Toronto, Canadian sculling champion.

Don't Attempt This if You're Nervous

While crowds below watch with bated breath, Norman J. Terry, noted daredevil, at Macon, Ga., calmly pushed a human load over a slack wire strung from one of Macon's tallest buildings to

the other. The man in the wheelbarrow showed not the slightest qualms as he was pushed over the perilous route where a slip meant almost certain death.

Offered Freedom, Stays In Prison

CINCINNATI, March 20.—"Oh, this ain't a bad place," so said Lewis Hill, 24, of Providence, R. I., when he refused the offer of freedom on probation from the county jail here and today he is still in the jail waiting for his release on Aug. 28. Hill was incarcerated when he was unable to pay a \$250 fine which was imposed after he had been convicted of malicious destruction of property last summer.

GREENFORD

A joint meeting of the Mahoning and Columbiana horticulture societies was held Wednesday at Greenford grange. C. S. Holland and Guy Miller of the Ohio state extension service were speakers.

The county commissioners met Thursday at the K. of P. hall with the farmers living on the road one-half mile west of Greenford. The meeting was for the purpose of establishing the road which has never been recognized although it has been in use for nearly 70 years.

Miss Marion Schnurrenberger of Mt. Union spent the week end with her parents.

Mrs. Bertha Hill of Salem, spent Thursday with her parents, Mr. and Mrs. Eli Bricker.

Mrs. William Lake and daughter, Pauline, spent the week end in Alliance.

MEN MAROONED FAR IN NORTH

Aviators Make Long Trek
With Dog Teams To
Reach Home

CHURCHILL, MAN., Mar. 19.—Two airmen, marooned last autumn at Baker Lake aerial station, were here today after a 500-mile trek across the frozen wastes of Northern Canada.

J. D. Vance, pilot of the Northern Aerial Mineral Explorations, Ltd., and his mechanic, Brian S. Blasdale, were forced down at Baker lake last October while participating in the search for Col. C. D. H. MacAlpine, president of the Dominion Explorers, Ltd., and a party of seven prospectors.

They waited at the aerial station until weather conditions and trials were favorable for dog-team travel. They had two Eskimo guides and three dog teams. Their first start was made in December but blizzards forced them to return to Baker lake after being on the trail for two weeks. They started again January 2, reached Chesterfield inlet 13 days later and after a rest continued here. At Chesterfield inlet they were joined by Robert Hicks, another employee of the Northern Aerial Explorations company.

They still have a journey of 100 miles with their dog teams to reach mile 327 where they can board a train for the Pas.

Vance is a resident of Toronto and Blasdale is from Winnipeg.

Superior Court To Consider Rum Case

COLUMBUS, Mar. 19.—Whether a person transporting liquor in C.O. may be prosecuted in all counties through which he passes is to be decided by the state supreme court.

The question was brought up by the Prosecuting Attorney of Huron county who asked leave to file exceptions to a common pleas court ruling that the offender could be prosecuted only in the county in which he was arrested. The high tribunal agreed to consider the case on its merits.

Sentence Sliced

COLUMBUS, March 20.—Gov. Cooper commuted the sentence of J. B. Grigsby, London preacher, who was convicted of chicken stealing to make him eligible to parole. He had been sentenced to three years in Ohio penitentiary.

Record Bond Set In Shooting of Officer

CINCINNATI, Mar. 20.—Gordon Cassell, 32, alleged robber, who shot and wounded Patrolman George Creutzinger in a sensational gun battle here in which he and a companion were also wounded, is being held in jail here today unable to raise the \$125,000 bond, which is the largest bond ever set by the local municipal court.

At his arraignment yesterday, Cassell pleaded not guilty to charges of shooting to kill, assault to rob and shooting at officers.

Cassell is said to be wanted in Newport, Kentucky, in connection with a "liquor" killing there.

Scholastic Big Ten Meet Scheduled For Night Of May Seventh

Teams Will Compete Here For First Time In Hi School League

The Northeastern Ohio Big Ten track meet which is scheduled for Wednesday, May 7, the meet was originally scheduled for a Saturday, but all schools have agreed to come here for night competition. This will prevent interference with the Columbus county track meet.

Dover, New Philadelphia, Massillon, Alliance, Wooster, Ravenna, Heberton, Niles, Warren and Salem have entered the meet.

The entry list for the invitational track and field meet, which is to be held under the lights of Reilly stadium on April 25, is growing rapidly and it is expected that 16 or 18 schools will be represented.

Shires Will Not Join Up With Sox For '30 Campaign

DALLAS, TEX., March 20.—Declaring he was "sick of being bulldozed" by Charles Comiskey, Chicago White Sox owner, Art Shires, erstwhile first baseman, has announced he never again will play with the team.

In a telephone conversation last night from his home in Italy, Tex., "Art the Great" admitted he had received a telegram from Comiskey asking him "while participating in the fight ring, who suspended you and who produced the evidence that caused the reinstatement?"

"The boxing commissions have records of this," Shires declared, "but I'm not a bureau of information for Comiskey or anyone else. If Comiskey wants to know anything about the fight racket, let him go to the boxing commissions. They have all the dope. I wasn't guilty of any wrong doing."

He said he was going to ask the White Sox to place him on the voluntarily retired list, then planned to proceed with other plans, probably to play semi-pro ball.

"Good Health Is Mine; Thanks to New Konjola"

New Medicine Attacks Source Of Stomach And Kidney Ailments And Restores Health

MR. HERMAN WEGNER

"Health is mine again, thanks to new Konjola," exclaims Mr. Herman Wegner, 1509 Navarre Avenue, Toledo. "I had a world of trouble with my stomach, kidneys and bowels. Gas formed after meals until I became short of breath and my heart palpitated wildly. Back pains and bladder actions at short intervals disturbed my sleep and affected my nerves. I was forced to the constant use of cathartics because of constipation. My entire system was weak and run down.

"Friends who had watched my failing health with some concern, suggested the use of Konjola. Betterment in my condition was discernable within a week and from then on the road to health was open. The gas formations in my stomach ceased. My heart functioned perfectly and my bowels became strong and natural. I slept soundly at night and my bowels functioned as they should without the use of cathartics. Today I am in excellent health all due to Konjola."

Konjola is sold in Salem at all J. H. Lease drug stores, and by all the best druggists in all towns throughout this entire section.—Adv.

Cycling Had Its Thrills In Past Years, Old Champ Says

CANTON, March 20.—Being cycle champion of Stark county back in the "gay nineties" had its thrills and sometimes its spills, smilingly recalls R. E. Rutter of Canton, who once held that distinction.

The thrills were many. Rutter says, not the least of them being given credit for attaining the astounding speed of 25 miles an hour when at the peak of his prowess. He also sets down as one of the biggest moments of his life that when he won a race from Fitzsimmons, of Cleveland and Walt Snyder, of Massillon, both bikers of considerable note.

The race, a five mile grind, was run in Canton before a large gathering of Ohio people. Rutter came in ahead of his rivals, but only after putting every ounce of his strength into the final lap. Snyder ran second, with Fitzsimmons, who was considered one of the best cyclists in the country, a poor third.

In those days, Rutter relates, a cycling organization, resembling somewhat the automobile clubs of today, was formed in Canton. Members of the club were given reduced hotel rates in towns where they took part in races. Many members of the club took all-day rides on Sunday, often covering 60 miles in a day.

Considered Chief Sport "Cycle racing in those days," Rutter continued, "was considered the chief sport and provided many thrills. Road races of from five to ten miles often were held. One of the most popular of these was from Canton to Navarre and back through Richville. Many bike races were held by small towns in connection with street carnivals and fairs."

Rutter and his brother, Monte did some racing in the east, in such cities as Paterson, Trenton and Newark, N. J., and at Madison Square garden in New York.

MIAMI BEACH, FLA., Mar. 20.—The difficult 6,993 yard La Gorce course attracted 98 golfers from widespread sections of the country today for the 18-hole first round play in the annual \$15,000 open tournament.

Racing bikes in those days cost from \$75 to \$125, he recalls and weighed only 14 to 16 pounds. Being so light, they often were involved in accidents, which usually "cost the owner plenty," he says.

The novice was always dangerous in a race, he says. He might turn in any direction at the slightest provocation, crash into another rider, and probably "pile up" the whole field. The better rider always hurried past his less experienced competitor.

"There is little hope for a 'come back' of the sport," Rutter declares. In his opinion, the automobile, which travels so much faster with so little physical effort on the part of the driver, has crowded the bike off the map as a means of transportation.

McKinley Has Green Team In State Title Tournament

COLUMBUS, March 20.—The 1929 basketball substitutes of McKinley high school of Canton are going to play for the state championship this year.

This seemingly paradoxical statement is proved by the fact that every member of the team which represented McKinley high in the 1929 tournament here was graduated last June.

But five substitutes who sat on the bench and watched the regulars lose to Portsmouth in the first round will be given a chance to do better when the tournament opens Friday and they meet Chillicothe at 8:30 p. m.

McKinley's team, co-representatives of the northeast district with East high school of Akron may appear to be inexperienced but it is not as green as it may look. Last year the quints played against the varsity as a unit all season. This year they have kept their organization and have won 15 of the 29 games.

Coach Dwight Peabody, former Ohio State three-letter athlete, has depended on teamwork to win games. McKinley's conservative game has been built around Captain Dan Black who plays forward or guard and is the leading scorer with 113 points in 20 games. R. Schreiber is the other forward. Percy the center, and George and Hodnick the guards. Frank Hodnick was discovered in the district meet at Akron.

Journal Entries

By agreement there has been a dismissal in common pleas court in the suit of David O'Hanion against Elmer Fitzgerald and others, with judgment against the defendant for the costs. This was an action to recover on a note for \$1,718.49.

Leave to the defendant to file an answer by March 29 has been granted by the court in the case of Martin McGregor against Burt Capel, an appeal action from a lower court.

An alias order of sale has been ordered to issue in the foreclosure action filed by Henry W. Sumner, as administrator of the estate of the late Sarah A. Lockabaugh against Theodore Friend and others. The plaintiff heretofore had obtained a judgment against the defendant for \$2,840.79 and costs.

Alimony Decree Entered

When the alimony action filed by Lillian E. Jackson against her husband Frank W. Jackson went to trial, the court granted a decree of divorce to the defendant on his cross petition, and on the ground of gross neglect of duty. A decree for alimony was entered in favor of the plaintiff, however, but the defendant is to pay the costs.

Decision Affirmed

Judge W. F. Lones in common pleas No. 1, has affirmed the decision of Probate Judge Lodge Riddle in the case of Harry Getz of near New Waterport who was fined \$200 and costs following trial on an affidavit charging him with a violation of the liquor laws.

Immediately after the trial K. L. Cobourn of Salem filed a motion for a new trial, and this was overruled by Judge Riddle. An appeal was then taken to common pleas. Bond was placed by the lower court but was not given by the defendant.

A Way To Stop

Attacks of Fits

Reports are received of an amazing treatment that epileptics state has proved successful in stopping their attacks. R. Lepso, Apt. 62, Island Ave., Milwaukee, Wis., has been supplying sufferers with this treatment. He now wishes to reach all those who have not been helped and to do so is making the startling offer of a generous treatment free to all sufferers. Anyone afflicted should write for this free treatment at once, giving age.—Adv.

who has been in the county jail since January. Judge Lones has now remanded the case to probate court for execution of sentence. The exceptions of the plaintiff in error has been entered on the record by Judge Lones.

Husband Asks Divorce

Charging his wife with gross neglect of duty and extreme cruelty, Pearl Smith has filed a petition for divorce against his wife Yuba Smith, residing on Pennsylvania avenue near Mulberry st., East Liverpool. The couple were married April 15, 1914 and have one child, aged 15 years for whom the plaintiff by agreement has been paying \$6 weekly for its support.

The petition relates that since April 1929 the defendant has refused to live with the plaintiff.

Ordered Before Court

In the case of Charles P. Wilhelm against Jonathan Failer and others, against whom the plaintiff recently recovered a judgment for \$234.85 and costs, Failer and Martha Failer, E. K. Judy and Roy Werner have been ordered to appear before Judge W. F. Lones and answer in proceedings in aid of execution. The plaintiff in this issue is represented by Attorney L. M. Kyes.

WATERSPOUT END OF COAST STORM

Fair Weather Now Ready For California, Is Experts' Claim

LOS ANGELES, Mar. 19.—Reaching its climax in the formation of a waterspout of the three-day storm which has swept all of southern California and Arizona apparently had spent its force today and the return of fair weather was promised by the United States weather bureau.

Swinging in from the Pacific ocean between Long Beach and Huntington Beach the waterspout yesterday hovered over the Santa Ana, Calif., airport and in less than ten minutes dropped one and a quarter inches of rain. The area is barren of structures and no damage was reported.

Light rains were general over Los Angeles and Orange counties throughout the day. The three-day rainfall total in Los Angeles was reported at 3.42 inches, which brought the season's total to 10.33 inches.

More snow fell in the mountains near Los Angeles, and electrical displays preceded rain and snow at the summit of Mount Wilson.

Reports from Arizona indicated the fury of the storm had subsided somewhat, although rain and snow continued to fall in the northern part of the state.

Justice Halts for Farewell

The wheels of justice momentarily pause in their ceaseless grind as 21-year-old William R. Howell, himself a convict, says farewell to his father, W. H. Howell, aged 65, who is under sentence to be electrocuted at Little Rock, Ark. The younger Howell, serving a sentence in the Michigan State Prison for carrying a pistol, was granted a 14-day furlough to visit his father. After he had started upon his trip southward, with money furnished by fellow prisoners, the father received a stay of execution of his sentence to death.

RADIO PRODUCES CONTROLS FEVER

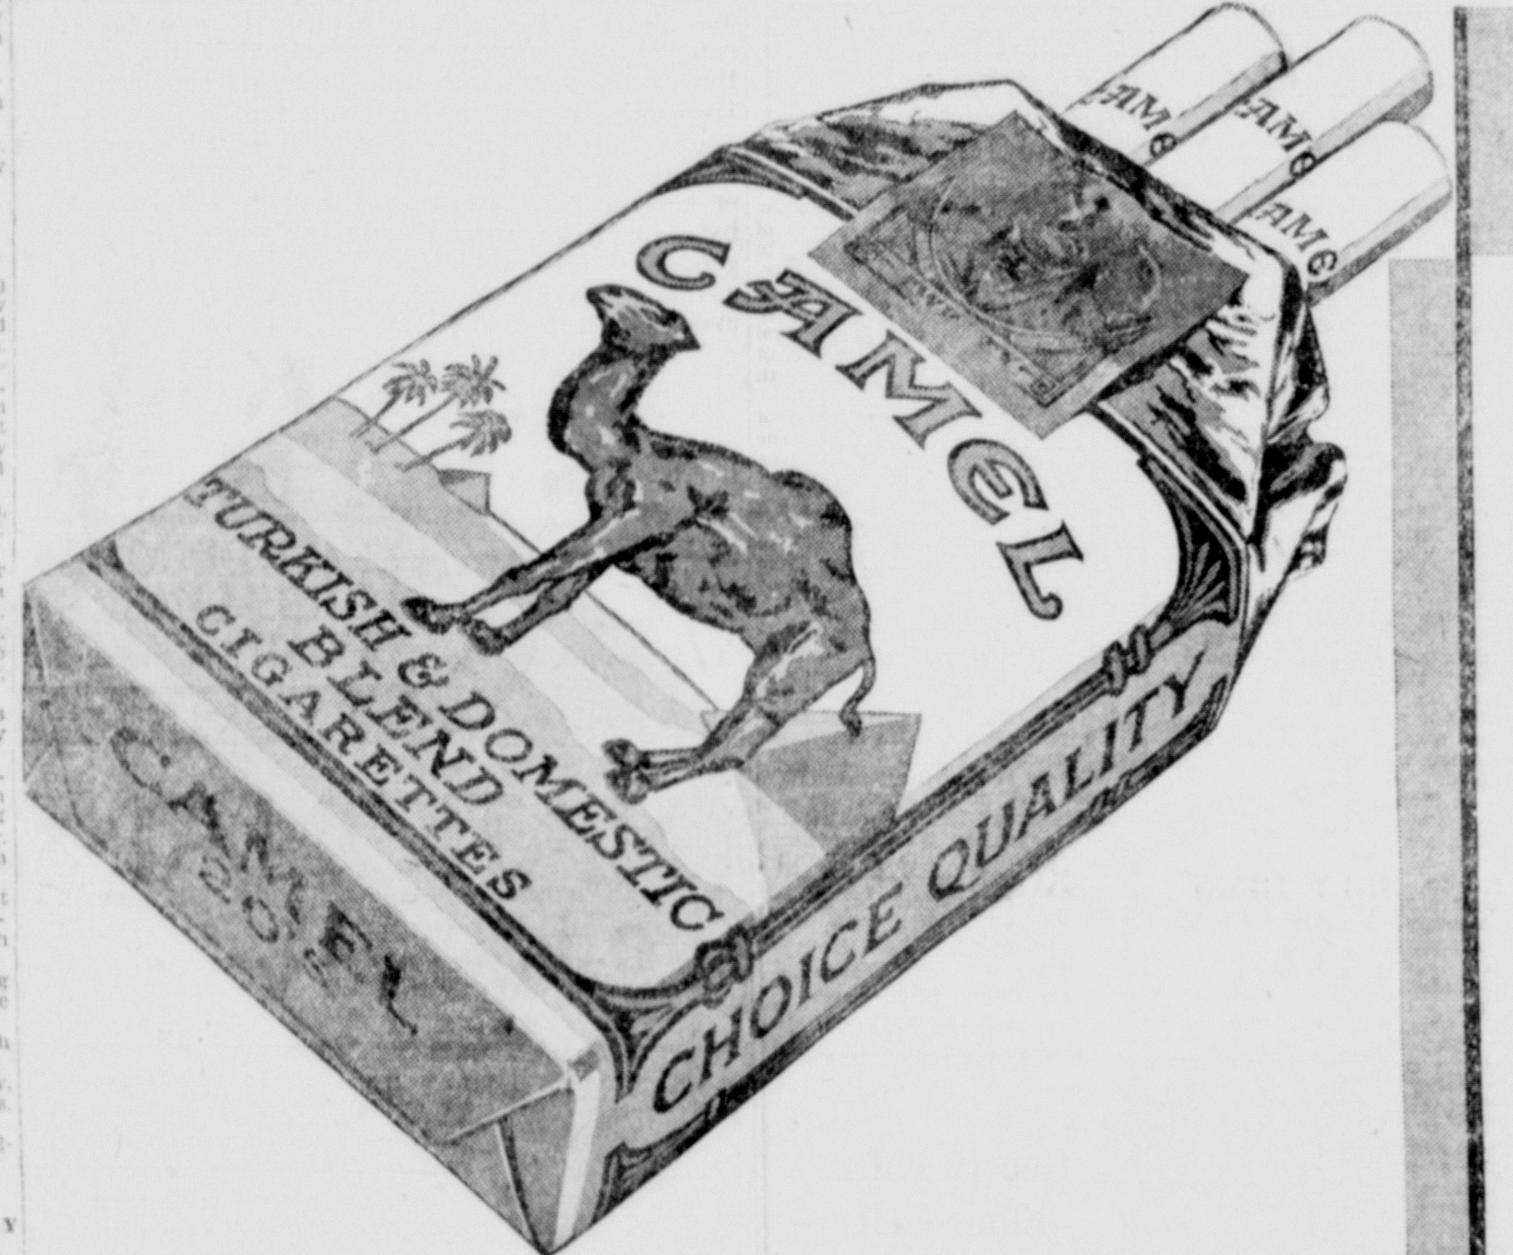

New Short Wave Length Is Responsible; Could Use As Cure

PHILADELPHIA, March 20.—Discovery of a new short length wave, that may easily be developed into a death ray, but also may have great curative properties was announced here last night by E. L. Manning of the General Electric company's research laboratories.

Speaking before the Engineers' club of Philadelphia, Mr. Manning said: "We have learned to build vacuum tubes which will broadcast such a short length wave that people in the neighborhood will have their blood temperatures raised. This means that we can produce artificial fever, and hold it under control, within any limits we choose."

Manning stated that if natural fever was "an attempt on the part of the body to kill off bacteria that attacks it, as is believed, the new discovery may prove of startling value in the treatment of disease."

At the present rate of increase it is estimated the government's Public Island seal herd will number \$3,000,000 seals within 17 years. There are approximately 800,000 now.

Standing out as the better cigarette

THE SINGLE IDEA of superlative quality was the inspiration for Camel Cigarettes.

From the time when the first Camel Cigarette was made that one idea has set Camel apart.

A policy of better tobaccos, combined in an incomparable blend, manufactured with the most exacting care—all to assure the utmost pleasure in smoking.

That is the ideal and the practice back of every package of Camel Cigarettes.

It has made Camel the most popular cigarette ever known. More millions have chosen Camels for smoking pleasure than ever accorded their patronage to any other cigarette.

CAMELS

for pleasure

The upsets of Children

All children are subject to little upsets. They come at unexpected times. They seem twice as serious in the dead of night. But there's one form of comfort on which a mother can always rely; good old Castoria. This pure vegetable preparation can't harm the tiniest infant. Yet mild as it is, it soothes a restless, fretful baby like nothing else. Its quick relief soon sees the youngster comfortable once more, back to sleep. Even an attack of colic, or diarrhea, yields to the soothing influence of Castoria.

Keep Castoria in mind, and keep a bottle in the house—always. Give a few drops to any child whose tongue is coated, or whose breath is bad. Continue with Castoria until the child is grown! Every druggist has Castoria; the genuine has Chas. H. Fletcher's signature on the wrapper.

MERGER FORMS LARGEST BANK

N. York Institution Now Ranks As Greatest In World; Approval

NEW YORK, March 20. — The destiny of the world's largest bank, created by merger of two other institutions with the Chase National bank, will be in the hands of a triumvirate composed of a veteran banker, a westerner who came to Wall Street four years ago and a lawyer who became a bank executive last December.

The new bank with resources exceeding \$2,800,000,000 will be larger than either the Midland Bank of London formerly the largest in the world, or the National City bank of New York which has been the greatest in this country for 33 years.

Directors of the Chase National bank, the Equitable Trust company and the Interstate Trust company voted the consolidation yesterday. Their action is subject to approval of the stockholders at a special meeting April 24.

Mr. H. Wiggins, chairman of the Chase bank, will be chairman of the government board of the consolidated bank and its senior executive officer. His entire career has been devoted to banking.

Winthrop W. Aldrich, son of the State Senator Nelson W. Aldrich of Rhode Island, will become president of the new institution.

COLUMBIANA

A joint meeting of the Columbiana Rotary club and the ladies of the Child Conservation league was held Monday evening at the Lutheran church, about 55 being present, including wives and husbands of members. A delicious dinner was served by members of the Daughters of the King. Allen Heston and Mrs. G. O. Patchen furnished instrumental music during the dinner and Miss Margaret Stewart favored with two soprano solos, with Miss Martha Zimmerman as accompanist. Rotarian B. P. Stanton, superintendent of the Alliance schools, gave an interesting and instructive address along educational lines, relative particularly to the directing of the character of children by their parents.

WASHINGTONVILLE

A large crowd attended the rededication services at Trinity Lutheran church on Sunday evening.

Through the efforts of the Ladies Aid, the walls of the church have been beautifully decorated. A large chandelier and other lights installed, and the main auditorium re-carpeted which gives a beautiful appearance. Members of the church feel they have a church equal in beauty to any city church in which to worship. The music of the evening was furnished by a male chorus from Canton which deserves much comment. An instructive address was given by Rev. Joseph Sittler, D. D. president of the synod of Ohio, and a short interesting talk by I. P. Mellinger of Leontia. The services were in charge of Rev. George D. Keister, pastor of the church.

Mrs. May Marquis, daughter Kathryn and Miss Alice Glenn of Lisbon were local callers here on Saturday afternoon.

That COLD

Colds come suddenly. You can often end them just as quickly! Take Bayer Aspirin the moment you've caught one. A single sneeze should be the signal, or the first sign of congestion or headache, or soreness. Exposure to cold and wet isn't half so serious when you've learned to protect yourself with Bayer Aspirin. For the speedy relief of colds, headaches, neuralgic or neuritic pain, and even the acute suffering caused by rheumatism, there is nothing so sure and so safe as genuine Aspirin tablets stamped Bayer. They make a marvelous gargle, too. See proven directions in every package.

MOVIES

"SHE COULDN'T SAY NO"
At The State

The telephone has brought to the screen another new star in the person of Winnie Lightner, who is at the State theater in "She Couldn't Say No."

Miss Lightner, already famous as a singing comedienne on the vaudeville and musical comedy stage, is altogether delightful in this new medium.

In "She Couldn't Say No" Winnie is a wise-cracking night club singer, generous and wise in the ways of the world, and head over heels in love with a handsome young racketeer who does not return her love.

Charles Morris plays the leading role opposite Miss Lightner. Mr. Morris is the stage actor who recently entered motion pictures and who has already made a splendid screen reputation as a result of his fine work in various roles of an underworld character.

Other members of the cast in this picture include Sally Eilers, Johnny Arthur and Tully Marshall.

"BULLDOG DRUMMOND"
At The Grand

"If you really want adventure, I will expect you at the Green Bay Inn, four miles from Godalming, at midnight. Rooms will be reserved in the name of John Smith. If you are a gentleman you will not fail me because I am in hideous danger!"

If you were bored with life and wanted excitement, what would you do on receiving the above note? Ronald Colman gets it in answer to a want-ad in "Bulldog Drummond," his new starring picture which comes to the Grand tonight.

Needless to say, it leads him off on a mad chase of adventure and romance with few parallels in cinema history. Incidentally, the picture takes a humorous slap at every screen melodrama which has ever been conceived in Hollywood.

Colman appears in "Bulldog Drummond" in an entirely new type of role for the famous screen lover. Jean Bennett, youngest daughter of the famous Broadway actor, Richard Bennett, makes her screen bow as the writer of the above note and heroine of the picture.

Today's Pattern

The model shown today features lines that are slimming, from the diagonal closing of the bodice to the pleated panel set in the skirt. The coat effect, created by clever placing of buttons, is worthy of comment. Short kimono sleeves are very comfy.

Pattern 9009 makes up beautifully in percale, gingham, cotton broadcloth, rayon or pique. A dot, a floral or a geometric design may be chosen in color on a white ground or in white on a ground of pink, yellow, green or blue. Pearl buttons will launder.

Designed only for sizes 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards of 36 inch material.

No dressmaker's experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

COUPON

This pattern will be delivered upon receipt of 10c. coin or stamps, carefully wrapped. Latest Fashion Book 10c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

THE HOME KITCHEN

By Jeannette Young Norton

Bread and Apple Pudding

Sliced bread
4 large apples
1/2 lemon
3 tablespoons brown sugar
1/2 teaspoon cinnamon
1/2 teaspoon ginger

Peel and slice the apples and cook in enough water to cover, until tender. Place slices of buttered bread in a baking dish, put a layer of apples, some brown sugar, lemon juice and grated rind and cinnamon and ginger on each, add another layer of buttered bread, until all ingredients are used. Bake in a moderate oven for 20 minutes. Serve with whipped cream.

Chocolate Bread Pudding

1/2 loaf bread
4 cups milk
3 eggs
2 tablespoons butter
1 square of bitter chocolate
1 teaspoon vanilla
1/2 tablespoon sugar
1/2 teaspoon salt

Heat the milk, but do not let it come to a boil. Pour over the stale bread and let stand until cool. Mash fine, then add the beaten egg-yolks, the melted chocolate, butter and sugar and mix well. Last add the stiffly beaten egg-whites and vanilla. Pour into a buttered baking dish and bake in a medium oven about 30 minutes, or more until firm. Serve with plain cream.

The Food That Fights Fat

It's a gland food, now used to correct the known cause of so much excess fat. Doctors now employ it the world over. And now, without starvation, multitudes are gaining new youth and beauty, vim and vigor. You see the results wherever you look. Fat is the exception now. Marmola prescription tablets embody this modern method. People have used them for 22 years—millions of boxes of them. Some of your own friends, doubtless, can show you what they do.

Let them bring you what they have brought to so many. The results will delight and amaze you. A book in the box explains the effects. Go now and ask your druggist for a \$1 box of Marmola. You owe that to yourself.

Appearance of vegetables will make many of the "good-for-you" variety more palatable. A variety in any shape, except the one nature designed for it, is more appealing to children eyes, anyway, and an assortment of boiled white and yellow orange and red markets are so tempting that they might even induce preschoolers.

A collection of half a dozen or more centers for vegetables is not an extravagant luxury to begin with, and will last ever so long. And they will help enormously to induce

captious persons to eat more of the wholesome vegetables.

The sharp little steel scoop can be used to cut little balls of the raw root vegetables—potatoes, carrots, parsnips, beets, turnips. These scoops come in various sizes, but the quite small ones make the most attractive dishes. Then, there's the lattice cutter, which is especially good for potatoes, but can also be used for the large turnips. This cuts the vegetable in such a way that it resembles a waffle after cooking.

A clear, smooth, lovely skin enhances personal attractiveness. Men admire it. Women praise and secretly envy. More happiness and friends may depend upon it.

YOUR popularity may depend upon a clear, smooth, lovely skin. It is the accepted way of telling the degree of health a person possesses. Naturally a skin which bespeaks health attracts.

Skilled physicians recognize the appearance of skin blemishes, lack of appetite, flabby flesh and loss of energy as an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

The way to the skin is through the blood. Strong, healthy blood

nourishes the body and promotes smooth, clear skin.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to infection and disease, improving the appetite, building firm flesh and clearing the skin.

S.S.S. promotes healthy body building. It increases the number of red-blood-cells. It is made from strictly fresh vegetable drugs and has a successful record of over 100 years back of it.

S.S.S. All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

Mother Finds Way To Keep Muriel's Stomach Sweet

"Muriel's little stomach is always sweet, now," says her mother, Mrs. Sarah Lander of 3104 West Van Buren St., Chicago. "I give her a little Acidine which tastes just like peppermint, at night. That takes away the acidity which comes when children eat too much cake and candy."

When children get sick and become puny or, unexpectedly, it's the excessive acidity. Mothers. They make your child drowsy. Give her Acidine—she'll like it, and before you realize it she will brighten up and look fine. More than 2 million people believe in Acidine because it is so sure, good to take and inexpensive. save a lot of time (not to mention the avoidance of waste in the cooked food) is the vegetable chipper which screws firmly to a table. A turn of the handle, and in a few minutes any vegetable—potatoes, carrots, onions, turnips, parsnips, celeriac plant—is pared in one thin long curl, which can be cooked whole or broken into smaller strips as desired. It does the work very quickly, and if young vegetables are

used, they need not be scraped first, merely give them a good washing, and let the curly chipper do the rest of the work.

She Lost 19 Pounds of Fat In 27 Days

During October a woman in Montana wrote—"My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—I feel better than I have for years."
 Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.
 Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast. Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system. At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.
 If you want to lose fat with speed, get an 86c bottle of Kruschen Salts from Lease Drug Co. Stores or any live druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back.

LEETONIA

Leetonia chapter No. 239, Order of Eastern Stars, met in the Masonic hall, Monday evening for the regular meeting. Mrs. E. Ray Miller was chairman of the entertainment committee. "The Vinegar Vaudeville Agency," a short play was given preceding the meeting. Following is the cast:
 "Valentine Vinegar," Mrs. E. Ray Miller; "Viola Vinegar," stenographer, Mrs. A. S. Fire; "Eph," janitor, Katherine Lodge; "Rube," David Patterson; trio, Mrs. Elizabeth Moore, Mrs. L. E. Fisher and Mrs. P. J. Spattholt; young electricians, Elaine Aiken and Dorothy Jean Fire; "Gonna Sing," Ruby Wender; "Lucy Green," Ruth Fritz; "Jonathan," a tramp, Mrs. H. M. Stambaugh; "Dusty," detective, Mrs. P. C. Shive; "Williams," Calvin Tittler; "Walters," Robert Miller, pianist, Miss Carrie Truesdale.
 Following the meeting, the lunch committee, with Mrs. F. B. Hollinger chairman, served refreshments. A number of visitors were present from out of town.

The children of St. Patrick's school gave an entertainment in the K. of C. hall on Sunday evening to a large audience. The children of St. Patrick's school had no school Monday, in keeping with St. Patrick's day.

The Sunday school class of St. Paul's Lutheran church taught by Mrs. C. J. Halverstadt, was very pleasantly entertained at the home of Miss Mildred Williams, with Miss Rhea Miller as associate hostess. The evening was spent socially. The hostesses served lunch.

Childbirth

a happy event

"Mother's Friend" relieved of strain and the pain that came from the stretching of the skin and tissues, writes a young mother, "I did not suffer as I have heard other women say they did. My doctor recommended it to me." Countless thousands of expectant mothers have had the same experience with "Mother's Friend." It is a scientifically-prepared skin lubricant and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address: Bradford Regulator Co., Dept. 14, Atlanta, Ga.
